## About me

I am a fresh graduate seeking opportunities as a Fullstack Developer. My internships as a Frontend Developer and IT Support have provided me with hands-on experience in PHP, CSS, JavaScript, HTML, XML, MS SQL, and AJAX. I am passionate about analyzing system requirements and designing effective solutions, while also enjoying collaboration with cross-functional teams.

I am eager to further develop my skills and gain valuable experience to become a highly proficient Developer, ready to take on new challenges in the industry.
